Do NOT reschedule. The documents will be out today. 1-week is enough.

Subject: reschedule Glyphosate CARC?

The Glyphosate meeting is currently scheduled for one week from today, September 16th. The CARC package was due out September 2nd. When the package is this late, we typically reschedule the meeting. Do you want me to reschedule Glyphosate? What day do you think we'll get the package?

Have a great day!
